New City of Clearwater Reporting Requirements

To Our *City of Clearwater Customers:

As the service provider of your life safety systems, we want to ensure that you 1) received the enclosed City of Clearwater communication about complying with their new reporting requirements and 2) understand how Piper Fire will be assisting you with these new requirements.

In case you missed the communication, please be advised that the City of Clearwater has implemented a new reporting program called Mobile Eyes as a way to provide better tracking of the required NFPA inspections a business must have done to their life safety systems. As the City reminded in their letter, all business owners/occupants within their jurisdiction are ultimately responsible to ensure timely reporting and filing of all their inspections.

As required by the City, Piper Fire will be satisfying these new requirements on your behalf for inspections that we perform. In order to provide this additional service, we will be passing on our cost per report submitted, which you will see on your upcoming inspections invoices.

We anticipate that outside of the nominal fee, the only difference you may see is that the program will provide for a more efficient response time and faster engagement by your City inspector, as your inspection report will be received by him or her immediately upon submission through Mobile Eyes. Therefore, we suggest taking a proactive approach to any deficiencies and impairments discovered during your inspection.

Please let us know what questions or concerns you may have on these new reporting requirements.

As always - Your Life Safety, Our Life Mission.

Thank you,

A handwritten signature in blue ink, appearing to read "Chris Johnson", is written over the typed name.

Chris Johnson, CEO & President

**Please note that you are receiving this communication because you have a Clearwater address; however, if you are not located within the City of Clearwater, then this notice does not apply to you and you can disregard this message. Thank you.*
